Maximum Stake and Prize Levels Permitted for Gaming Machines found in Adult Gaming Centres (AGCs)

Gaming Machine Category	Maximum Monetary Stake	Maximum Monetary Prize
D	10p	£5
C	£1	£100
B3	£2	£500

Each machine carries a label that clearly indicates what category it falls into i.e. D, C or B3 – see table above – and as to what the permitted stake and prize levels are.

The label or sticker is often attached to the wooden cabinet either at the front (low down) or sides of the machine. The sticker will usually be silver in colour with the category letter printed in black.

Wherever possible, testers should aim to play machines with the lowest stake. There is a one-minute browsing period to identify what machine is to be played.
